Profile

Full Stack Developer with hands-on experience building enterprise-scale web applications using the MERN stack. Currently contributing to an enterprise Governance, Risk & Compliance (GRC) platform by developing scalable frontend modules, REST APIs, AI-assisted document workflows, and role-based applications. Passionate about building high-performance web applications, solving complex engineering problems, and continuously learning modern technologies.

Experience

Full Stack Developer Intern, LawDocs
Worked on the development and enhancement of two enterprise products:

Present
Jaipur, India

- **LawDocs Comply** – Enterprise Governance, Risk & Compliance (GRC) platform.
- **Udofin** – React Native-based digital lending application.
- Developed responsive web interfaces using **React.js** and reusable UI components for enterprise applications.
- Built dynamic forms, dashboards, and workflow modules to improve usability and application maintainability.
- Integrated **REST APIs** and collaborated with backend developers to ensure efficient data flow.
- Developed and enhanced backend features using **Node.js, Express.js, and MongoDB**.
- Contributed to AI-assisted document review and compliance analysis workflows.
- Participated in debugging, testing, bug fixing, and feature enhancements in an Agile development environment.
- Contributed to the development of **React Native** mobile application features, including onboarding, authentication, KYC, and loan management workflows.
- Worked with **TypeScript, Expo**, and modern state management libraries to enhance application performance and user experience.
- Collaborated with cross-functional teams to understand business requirements and deliver scalable software solutions.

Tech Stack: React.js, React Native, Node.js, Express.js, MongoDB, JavaScript, TypeScript, Expo, REST APIs, Git, GitHub, Postman

Education

Bachelor of Technology in Information and technology and Engineering,
SKIT College (Rajasthan Technical University)

09/2022 – 08/2026
Jaipur, India

Skills

Programming language JavaScript(Es6+)	Database MongoDB , Supabase
Backend Node.js, Express.js	AI & Prompt Engineering Prompt Engineering (Basic) Generative AI Tools (ChatGPT) Data Annotation & Labeling (Basic) Prompt Structuring Response Analysis
Tools & Technologies Git, GitHub, Postman	Frontend React.js, HTML5, CSS3
Concepts REST APIs, Authentication, CRUD Operations, Responsive Design	Soft Skills Strong Written & Verbal Communication, Problem Solving, Adaptability, Team Collaboration

Projects

LawDocs Comply – Enterprise Governance, Risk & Compliance (GRC) Platform,
Enterprise web application for regulatory compliance, litigation management, and corporate governance.

- Developed responsive React.js interfaces and reusable UI components for enterprise workflows.
- Built dynamic forms and dashboards for compliance, meetings, and litigation management.
- Integrated REST APIs to enable seamless frontend-backend communication.
- Contributed to AI-assisted document review and compliance analysis workflows.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, JavaScript, TypeScript, REST APIs, Git

Personal Portfolio Website, *Responsive portfolio website to showcase projects and skills*

- Designed and developed a fully responsive portfolio using HTML, CSS, and JavaScript.
- Implemented smooth scrolling, interactive UI, and a contact form.
- Deployed the portfolio using GitHub Pages.
- **Tech Stack:** HTML5, CSS3, JavaScript, GitHub

Udofin – Digital Lending Mobile Application,

React Native-based digital lending application connecting borrowers with RBI-regulated banks and NBFCs.

- Contributed to the development of mobile application features for onboarding, authentication, and loan workflows.
- Developed responsive React Native screens and integrated REST APIs.
- Implemented form validation and collaborated on secure user onboarding flows.
- Worked with modern state management and mobile development practices.
- **Tech Stack:** React Native, Expo, TypeScript, Zustand, TanStack Query, React Hook Form, Zod, Supabase

Certificates

Full Stack Development Intern

Regex Software

- 45 Days
- Successfully completed Full Stack Development Internship and was awarded a certificate of completion

C++ Object-Oriented Programming

SKIT College Summer Training
Program
